

Become a member of

AKU-BAT CZ

Association for Energy Storage

The Association for Energy Storage AKU-BAT CZ associates the leading entities active in the field of energy storage. Our main mission is to strive for establishing the legislative and market rules for the energy storage growth in the Czech Republic and creating interesting investment opportunities for our members. We bring together the energy storage and e-mobility, renewable energy sources, industry and other areas.

Why become an AKU-BAT member:

- **Legislation** - an opportunity to actively participate in compiling new laws, to have the most recent information about the on-going and planned legislative changes not only in the Czech Republic, but also in Brussels or EU countries
- **Business** - an opportunity of mutual business interaction of the association members in the internal gatherings and workshops
- **Information** - access to the current information in form of periodical reports, newsletters and meetings of members
- **Contact** - direct contact with the heads of the ministries, highly placed officers of the state energy institutes and top managers of the energy and industrial companies
- **Media & conferences** - an opportunity of joint presentations in mass media and conferences for all of our members
- **Cooperation** - close coordination of activities with other associations of the present energy industry in the Czech Republic, EU and elsewhere abroad
- **Influence** - we are not a mass organization, the members closely work together and with the association management, any suggestion is welcome.

Forms of cooperation:

Full membership: 2,700 EUR (70,000 CZK) for 12 months

Affiliate membership: 400 EUR (10,000 CZK) for 12 months (for individuals, start-ups, etc.)
